Galeri and Oriel Môn are collaborating to deliver two exciting schemes in 2018 for talented young people studying Art in Gwynedd and Anglesey.

Portffolio and Raising the Bar are schemes that will offer additional opportunities to GCSE, AS and A Level Art and Design students, to develop their creative practice and knowledge of the visual and applied arts. The schemes offer programmes that enable access to high level artistic practice; promoting experimentation with specialist techniques in art and design additional to those available in schools.

Portffolio is a series of 6 masterclasses for young people in years 10 and 11 showing artistic merit. During these masterclasses the young people will get to work closely with professional artists to learn new skills and techniques, discuss their artistic practice and develop ideas to expand their Art and Design studies and their portfolios.

Raising the Bar is an art education programme for AS and A level students that will offer additional opportunities for talented students to develop their artistic skills. As well as taking part in masterclasses delivered by practicing artists, students will be given the opportunity to visit exhibitions and get support on portfolio development and career advice in the field of visual art.

The sessions for both schemes will be held during each school holiday from February to July. There will be a membership cost of £60.

To attend either of the schemes students will need to apply by completing an application form (signed by their Art teacher) and submit it with a piece of their artwork to Galeri or Oriel Mon by 8.12.17. Successful candidates will be notified before Christmas. An application form and more information on how to apply will be available in schools and on the Galeri website, or contact the project co-ordinator, Elan Rhys - crewcelfgwynedd@yahoo.co.uk
or Lisa Taylor - lisa.taylor@galericaernarfon.com
